

ALL AFRICAN PEOPLES REVOLUTIONARY PARTY

"AFRICAN STUDENTS ARISE"

REVOLUTIONARY GREETINGS,

As the African Revolution continues to intensify the All-African Peoples Revolutionary Party strongly urges All African students to ~~to~~ affirm their commitment and increase the level of activity in the worldwide African Revolution.

Our Party sees clearly that the student sector of the Africa world is faced with a crucial choice. You can either act as buffers or pawns for the capitalist system or STRUGGLE TO CHANGE IT!!!!!! The first choice come from the needs and designs of the capitalist system. Under capitalism a few people own and control the means of production and distribution. This elite controls the wealth of society while the masses toil for little or nothing. Such a system requires buffers to confuse and pacify the people and protect the elite. The second choice comes from the increasing discontent of the people and represents the struggle for Pan-Africanism and world socialism. It constitutes an understanding the the total liberation and unification of Africa under scientific socialism is the only objective that will solve the complex problems that we face.

The role that capitalist puppets have played in the continued exploitation of Africa has not escaped the wrath of the masses of the people. The people know that it is only through political education and revolutionary organization that capitalism in all its forms can be destroyed throughout the world. Consequently, SWAPO, MPLA, PLO, AND COUNTLESS OTHER REVOLUTIONARY ORGANIZATIONS ARE CRUSHING CAPITALISM WHERE EVER IT REARS ITS UGLY HEAD. Everywhere people are fighting back! Capitalism is being exposed stripped bare and crushed.

AFRICAN LIBERATION DAY 1980

"On May 23 & 24 African students from throughout the world will be converging on Washington, D.C. to continue the tradition of ALD. WILL YOU BE THERE?"

Why are we telling you this?? Because capitalism seeks to make you one of its pawns, The oppressors of the African masses are recruiting on Glassboro State College, Trenton State, N.J.I.T., Rutgers University, Princeton; the very institutions you are attending today !! These institutions are designed and run by the capitalist system to teach us to be greedy and self serving and to work against the interest of the masses of the people. TO WORK AGAINST THE INTEREST OF THE MASSES OF THE PEOPLE IS TO WORK FOR THE ENEMY !!!!!

We as African students must come to more clearly understand the crucial issues and problems that face us as a people. The type of understanding we need can only develop as we build revolutionary consciousness and permanent revolutionary organization among the student sector of our population world wide.....

Scientifically speaking students are the spark of the revolution. The unceasing struggle waged by the masses of the people against exploitation has produced generations of revolutionary African students symbolized by Kwame Nkrumah, Frantz Fanon, W.E.B.Dubois, Martin Luther King.

Today this proud tradition is being carried on by conscious African students throughout the world, however, the level of this activity is hardly adequate! IT MUST BE INCREASED!!!!

The masses of the people, who alone have the power to make history, will never stop struggling against all obstacle for total liberation. But their struggle is for the most part spontaneous, unconscious, costly and lacking scientific direction. Once a conscious student sector comes to assume their role as the spark of the African revolution, the unceasing struggle of the suffering African masses will be forced to TAKE A GIANT LEAP FORWARD by the weapon of advanced revolutionary theory. Thus avoiding unnecessary losses in terms of human lives and material resource .

AFRICAN STUDENTS STAND UP, HELP ORGANIZE YOUR PEOPLE,
HELP MAKE THEM CONSCIOUS, SPARK THE AFRICAN REVOLUTION,
EMBRACE NKURUMAHISM AS THE ONLY CORRECT IDEOLOGY FOR US,
COME AND BUILD THE ALL-AFRICAN PEOPLES REVOLUTIONARY PARTY!!!!

....MOVE WITH YOUR PEOPLE!"
